To Whom It May Concern:

On Dec. 24 2004, I submitted my response to the Office Action for my patent application, application number 09/682315 (Series Code 09, Serial No 682315). I made a call to USPTO inquiring the mail, I was told that only when the web site of USPTO showed the mail was received that it could be confirmed that the mail was received. However by now on the USPTO web site, this application has not shown receipt of my mail. Is there some thing went wrong?

I got a receipt from United States Post Office indicating my mail was received by USPTO on Dec. 27 2004. Attached please find a copy of the receipt.

Best regards,
David Ge
